Hop on and off trolleys as they circle throughout Randolph Farm's 416 acres and learn from the commonwealth's leading experts about the latest techniques, trends, research and success stories impacting small-scale, limited-resource farmers and ranchers. See first-hand how VSU's research, teaching and public programming is enhancing the resiliency of Virginia's food systems and addressing food safety and insecurity, especially among those who have limited social and economic resources. And learn how you, your family, your business and your community can benefit from the food and agri-science programs at VSU.

Dedicated volunteers, like YOU, help Prince William County youth develop new interests, make new friends, practice decision-making skills, and gain leadership skills through 4-H.

### You can start a 4-H Club in 4 EASY STEPS:

-  **STEP 1: Contact the Prince William County 4-H Office** and attend the September leadership training session. [4HPWC@pwcgov.org](mailto:4HPWC@pwcgov.org), (703)792-6286, <https://www.pwcva.gov/4-H>.
-  **STEP 2: Tell the 4-H Story** and invite families to join the new club by promoting the opportunities available through 4-H. Encourage adult volunteers to assist in specific club responsibilities.
-  **STEP 3: Conduct 4-H Club Meetings** and encourage youth to create a club name, establish meeting times, develop an annual plan, organize projects, and elect youth club officers.
-  **STEP 4: Keep the 4-H Club Strong** by conducting regular meetings, establishing good communications, getting involved in local, state and national 4-H activities, recognizing achievements, participating in community service, and building community relations.
