Virginia 4-H All Stars is an honor/service organization for teen and adult leaders who are actively involved in expanding and enhancing the 4-H programs in their communities and statewide. Membership with All Stars is the highest recognition that a 4-H'er in Virginia can achieve.

4-H All Stars contribute to positive youth development through service locally and statewide. 4-H members begin their story by gaining knowledge through trainings, experiences and information, and then utilize their knowledge to provide leadership and life skills to other 4-H participants. Members that have transitioned into applying their 4-H knowledge and skills into leadership roles and promote "Making the Best Better," can apply to become an All Star. Applicants should have at least 3 years experience with 4-H and be between 15 and 19 years-old.

Together We Serve! Members inducted into the Virginia Chapter of All Stars are dedicated to serving their local 4-H community. Every Kid Outdoors Program from the National Park Service

With the school year beginning, and the new 4-H year right around the corner, it's a great time to take advantage of the **Every Kid Outdoors Program from the National Park Service**. The program was created in 2015 in an effort to get more children and families to visit our national parks, and it has been renewed and expanded over the years to now include a wide variety of public lands.

Free Passes! The program is very simple: every 4th grade student (or home school equivalent) in the United States is entitled to get one Every Kid Outdoors pass which is valid from September 1 – August 31 (so it is valid all the way through next summer). The pass will admit that student, any other youth under the age of 16 in the party (other youth do not have to be 4th graders), and up to 3 adults free to any site which charges an entry fee. This does not cover other fees like parking fees, camping permits, etc. but covering the entry fees can represent a significant savings to families. Any eligible student/parent can visit <https://www.everykidoutdoors.gov> to print the free pass or to get more information.

Opportunities for Club or In-School Programming! Educators are also able to print out passes from the website for all of their 4th graders, plus there are activity guides that can be downloaded. **Extension Agents and club leaders ARE considered educators for the purposes of this program!** All you will need to do is visit <https://www.everykidoutdoors.gov/educators.htm>, download any activity guides you would like, and fill out the information to print out the passes. Enter "Virginia 4-H Program" in the box asking for a school or organization name.

The activity guides were developed by the National Park Service, and they are easily adaptable to in-school settings, or for clubs, etc. The four activity guides are: **Exploring Federal Lands & Waters, Environmental Stewardship, Our Nation's Native Peoples, and Citizen Science.**

Where the Pass Can Be Used? The pass can be used at most fee-based sites administered by the following federal agencies: National Park Service • Bureau of Land Management • Bureau of Reclamation • National Oceanic & Atmospheric Administration • United States Fish & Wildlife Service • United States Forest Service • United States Army Corps of Engineers

The beginning of the 4-H year is a great time to be thinking about visiting our national parks and recreation areas. Virginia alone has some 22 National Park Service sites which range from Revolutionary War battlefields and natural landmarks, to Civil Rights monuments and cultural heritage. You can find these online at <https://www.nps.gov/state/va/index.htm>.

Many parks also offer educational programming which support our 4-H pillar areas of Agriculture, Civic Engagement, Healthy Living, and STEM. Some of these lessons are available online for educators to use at the Teaching With Historic Places website: <https://www.nps.gov/subjects/teachingwithhistoricplaces/index.htm>.

Let's get **Every Kid Outdoors!**
