About the Contest

[Click here for Virginia 4-H Information on Scoring Share the Fun Acts.](#)

Prince William 4-H Share the Fun is an exciting annual talent show where participants perform on a stage for family, friends, and guests, and get feedback from a panel of judges based on a standard 4-H rubric. This event is a learning competition to improve skills and performance, not a competition against peers. Our goal in 4-H is to *Make the Best Better!* 4-H'ers must register to participate to assist with the needs and flow of the show.

Adult Volunteers Needed to help with stage crew, setup refreshments and decorate for the show. [Click here to volunteer.](#)

Celebrating Our Outstanding 4-H'ers

Have you ever wondered why Prince William 4-H'ers are selected for awards for their outstanding efforts? Here's a little bit from the nominations for this year's recipients:

AIDEN MCDONALD

All Around 4-H'er Award

Aiden has made the most of his short tenure as a 4-H member. He got involved right away in the Share the Fun and Food Challenge during virtual times. He attended statewide events such as Congress and Camp, served as a counselor, ran for regional and state leadership positions, and recently was elected as a Northeast District Ambassador. Aiden shares his growing 4-H Story every opportunity he gets!

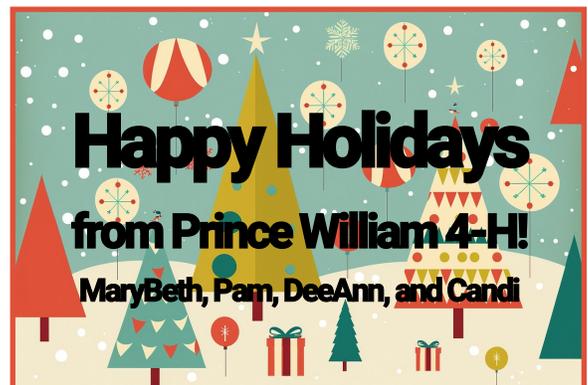

KRISTIN SAUL

All Around 4-H Volunteer Award

Kristin has exceptional dedication to the 4-H community, especially to the Nokesville 4-H Club. She consistently "serves as the bedrock of our club, a guiding light, and a shining example of outstanding leadership." She is dedicated to build up and inspire youth and adult volunteers alike, fostering an inclusive and nurturing environment. Kristin exemplifies the 4-H motto of Learn by Doing! Kristin is a caring leader who promotes the positive impacts of 4-H on our community and the importance of youth involvement.

We encourage all of our 4-H members to learn from Aiden's and Kristin's example!

Dear Sir/Madam,

As a valued supporter of Birmingham Green, we are reaching out to you today with a heartfelt request that has the power to significantly impact the well-being and happiness of our residents. Throughout the years, Birmingham Green has built a legacy of providing exceptional care and support to our elderly residents. Our commitment to enhancing their quality of life and meeting their needs in every possible way is at the core of our mission. However, we have identified a challenge that some of our residents face—limited access to essentials such as beauty and grooming treatments, personal items, and seasonal clothing and footwear.

In light of this challenge, we request your support and generous contribution to the Birmingham Green Foundation. Over the years, we have witnessed the transformative power of collective action and philanthropy in bringing about positive change. Our ability to make a lasting impact depends on the support of compassionate individuals and organizations like yours.

The donations collected will be used to cover various essential services, including beauty and barbering services, which contribute greatly to our residents' sense of dignity and well-being. Additionally, the funds will be utilized to provide them with personal items that they may require, appropriate seasonal clothing and footwear, as we understand the importance of maintaining their comfort and keeping them protected in different weather conditions.

Your generosity will directly impact the lives of those we serve, and we are grateful for your consideration of this important initiative. To contribute or learn more about our efforts, please visit our website at <https://www.birminghamgreen.org/about-us/foundation/> or contact us directly at 703-257-6241 or blinning@birminghamgreen.org. On behalf of our residents and team members, we thank you!

Warmest regards,

The Virginia Tech Block and Bridle Club will be hosting a Hippology and Horse Judging CLINIC. This is a great opportunity for youth to experience the Hippology and Horse Judging events in a “learn by doing” atmosphere without the pressure of a competition.

- Youth will participate in the various components of a Hippology event – learning what types of information are involved in the slides, stations, judging, quiz, and team problem segments.
- The Horse Judging portion of the clinic will include discussions of live classes with training in how to evaluate the composition and performance of horses in both performance and halter classes. Additionally, youth will have the opportunity to practice oral reasons, give a set of reasons and receive feedback, if they choose.

This is a great opportunity for experienced youth to receive additional training/practice and those new to the programs to gain experience outside of a competition.
